Page 11, between lines 19 and 20, insert the following:

"§ 8-a. Section nineteen of said Election Law, as renumbered and amended by chapter eight hundred and ninety-one of the Laws of nineteen hundred and eleven, is hereby further amended to read as follows:

"§ 19. Right to enroll and vote at primaries. 1. No voter who has once enrolled in a political party shall be permitted to enroll in another political party before the first day of the next registration. Only voters enrolled as provided in this article shall be

entitled to participate in the official primary elections of their respective parties. No voter shall take part in any primary election of any party other than the party in which he shall at the time be enrolled.

" 2. In case any voter who duly enrolled himself as a member of his party in his proper election district either at the registration preceding the last general election, or upon election day, as provided in sections eight, nine and ten of this law, shall cease to be a resident of such election district and shall become a resident of another election district within the same county, he may obtain a transfer of his resignation and enrollment, after the record of such enrollment shall have been completed, in the following manner.

" 3. Such voter may make, subscribe and acknowledge before any officer authorized by law to take acknowledgment of deeds for record in this State, and file with the custodian of primary records in and for such county, a certificate and request for transfer in substantially the following terms:

" I, ..., do solemnly declare that I was a duly qualified elector at and for the general election held in November, 19..., in the ..... election district of the ..... Assembly district in the county of ....., in the State of New York; that I was duly registered in said election district as a voter therein for said general election, and my name is now on the register of voters in said election district as a duly qualified voter therein; that at the last preceding time appointed for the enrollment of voters in their parties, to wit, at the time I registered (voted) in said election district, I duly marked an enrollment blank for the purpose of enrolling myself in my party, and was thereafter duly enrolled therein, as provided in the Election Law, which party is the ..... party; that I am still in general sympathy with the principles of said party; that since the last preceding general election I have ceased to be a resident of the election district aforesaid and have become and now am a permanent resident of and domiciled in the ..... election district of the ..... Assembly district in said county of ....., to wit, at..... in said districts and county. Accordingly I now make application to have my registration and enrollment transferred from the register of voters for my said former election district to the register for my new and present election district above stated. This declaration is made for such purpose and is in all respects true.

" Witness my hand this .....day of ....., 19...

(Execution and acknowledgment according to the customary forms.)

" 4. The custodian of primary records must make comparison of the signature attached to such request for transfer with the signa-

ture of such voter in the register (or in the poll-book where the registration of such voter was not personal), and he may require such further reasonable proofs, oral or written, under oath, as shall satisfy him of such right of transfer, and may question the voter and other witnesses, and in case such right of transfer shall be challenged by any citizen by written notice filed with such custodian, whether before or after the transfer shall have been made, must require such proofs. Any citizen challenging such right of transfer may adduce oral or written proofs to sustain such challenge, and may question the voter and other witnesses as to such right of transfer, and for such purpose the custodian of primary records shall have the right and be under a duty to subpoena the voter and other witnesses to appear at his office, giving reasonable notice thereof also to the challenger, so that the truth may be known. Unless the identity of the voter and such claimed right of transfer shall clearly and affirmatively appear, transfer shall not be permitted or made by the custodian of primary records.

" 5. All affidavits shall be made in duplicate and one of such originals shall be attached to the register into which the name is transferred and produced at the polls on primary day and shall be open to the inspection of any citizen. The other shall be retained by the custodian of primary records.

" 6. In case the right of transfer shall be sustained by the custodian of primary records, he shall first strike the name and its accompanying record from all the copies of the register for the old election district, by drawing a line in red through the same and shall then copy in red ink the entries so stricken out into all the copies of the register for the new election district, entering in such registers respectively under ' Remarks ' a note to the effect that such name has been transferred from or into such or such an election district of such or such an Assembly district as the case may be. And such custodian shall then give to the voter thus transferred a certificate signed in ink by such custodian stating such removal and the fact of such transfer by the custodian, and the districts from and into which the transfer has been made, and certifying that before such certificate was given such voter's name and the accompanying record had been stricken from the register of the election district from which he had thus removed and had been recorded as provided in this section in the register of the election district into which he had thus moved.

" 7. Every person having custody or possession of any counterpart of any register, or, in a district where the registration is not necessarily personal, any poll-book containing voters' signatures, shall, on demand, deliver the same to the custodian of primary

records to permit the comparison of signatures and making of transfers of names herein provided for.

" 8. All such certificates must be issued from a book of printed and numbered blanks, with the county and such numbers and the year in which they are issued printed as part of the certificate, and such books shall be prepared so that such certificates shall be detachable from stubs bearing the same numbers as the certificates and arranged for the entry of the same particulars as are filled into the certificates, and each stub must be carefully and completely filled out by the custodian of primary records at the time the corresponding certificate is issued.

" 9. No voter who has removed from an election district between the general election and the primary at which he offers to vote, shall be entitled to vote at the primary unless he shall produce and surrender to the inspectors at the primary such certificate.

" 10. No right of transfer shall exist unless request shall be made therefor as provided in this section by February first in case the voter desires to participate in the spring primary, or by July first for the fall primary. After March first in the case of the spring primary, or after August first in the case of the fall primary, no transfer shall be made or certificate of transfer given by the custodian of primary records without an order of a court, justice or judge as hereinafter provided.

" 11. The refusal to make any such transfer may be summarily reviewed at the instance of the voter himself, and the making of any such transfer at the instance of any other elector, upon notice to the custodian of primary records refusing or making the same, and to the voter or challenger as the case may be, and to such other persons interested, if any, as the court, justice or judge may require, in like manner as is provided in section one hundred and fifty-three of this law for adding to and erasing names from the register, so far as such provisions shall be applicable, except that the order therein shall run to the custodian of primary records and not to the inspectors of election. But no such application for review shall be entertained unless made within seven days, Sundays and holidays excluded, after said March first or August first, as the case may be."

which was referred to the committee on agriculture.

The Senate returned the concurrent resolution recalling from the Governor, for the purposes of amendment, Assembly bill (No. 75, Senate Reprint No. 1418, Int. Ordered, That the Clerk deliver said resolution to the Governor.

The Senate returned the concurrent resolution providing for the printing of 5,000 additional copies of the report of the commission for the Relief of Widowed Mothers, with a message that they have concurred in the passage of the same without amendment.

A message from the Governor was received and read, in the words following:

STATE OF NEW YORK — EXECUTIVE CHAMBER,
ALBANY, *March* 31, 1915.

To the Assembly:

I herewith return, without my approval, Assembly bill (Int. No. 156, Printed No. 1435) entitled "An act creating the office of receiver of taxes and assessments of the town of Tonawanda, and the village of Kenmore, in the county of Erie".

This bill is special legislation and prescribes a method for the collection of taxes and assessments in the town of Tonawanda, and the village of Kenmore in such town, and School District No. 1. It establishes the office of receiver of taxes and assessments and provides for his appointment.

There are over nine hundred towns in the State of New York, and if this legislation is good for a single town, in my judgment it should be made applicable to all other towns, and the purpose sought by this bill should be accomplished by an amendment to the general law with equal application to all the towns of the State.

I, therefore, disapprove the bill.

(Signed) CHARLES S. WHITMAN.

On motion of Mr. Gibbs, said message together with said bill was ordered laid upon the table.

A message from the Governor was received and read, in words following:

STATE OF NEW YORK — EXECUTIVE CHAMBER,
ALBANY, *March* 31, 1915.

To the Assembly:

I herewith return, without my approval, Assembly bill (Int. No. 287, Printed No. 288) entitled "An act to amend the Railroad Law, in relation to the construction of certain railroads where the property of the company has been sold under foreclosure proceedings."

The proposed measure amends the Railroad Law by inserting therein a new section authorizing the construction of a railroad by a corporation which meets the conditions imposed by such section. There is no question as to the obligation and intent of the bill. It is frankly admitted to be for the benefit of a railroad corporation known as the Corning, Keuka Lake & Ontario Railroad Company.

If the bill named such corporation and gave it the powers and privileges which are sought to be conferred thereby, such bill would be in direct conflict with Section 18 of Article 3 of the Constitution, which provides, "that the Legislature shall not pass a private or local bill granting to any corporation, association or individual the right to lay down railroad tracks."

The bill is general in form but its provisions so limit its obligations and effect that only the corporation named may properly be brought within its terms.

The bill applies

(1) To a railroad company duly incorporated on or after the first day of January, 1870.

(2) It provides for the construction of a railroad of not more than one hundred miles in length which shall have been aided in the construction by the proceeds of bonds legally issued by not less than four towns situated along the route of the railroad, where the bonds have been issued to an amount of not less than one hundred thousand dollars and where the debt thereby created has been refunded by the issuance of other bonds;

(3) It applies where all the property of the railroad has been mortgaged prior to the first day of January, 1873, and a judgment or decree foreclosing such mortgage or mortgages shall have been rendered and duly entered of record and the said property and franchises duly sold thereunder not later than December 31st, 1876;

(4) And where any less than one-fourth of the roadbed was graded before the time of such foreclosure sale.

Whether a bill is local or general must be determined by its purpose and effect and not by its form. The constitutional provision above referred to may not be evaded by merely expressing a statute in general language and limiting its application in such a way that there is not a remote possibility of any corporation or locality, other than the one intended to be benefited by the bill being affected thereby.

A bill similar to this and passed for the same purpose was vetoed by Governor Hughes in 1907 on the ground that it was unconstitutional. Governor Glynn vetoed the same bill upon the same ground. As stated by Governor Hughes, a bill attempting such "an evasion of the constitutional requirements should not be sanctioned." In my opinion the bill is unconstitutional and must be disapproved.

I fully recognize the local conditions which seem to justly demand the construction of a railroad through the towns which are obligated at the outset to aid in such construction. I would gladly aid them in obtaining the relief to which the people of the locality affected by the proposed construction think they are entitled, but this may not be accomplished in this way without, in my opinion, doing violence to the strict constitutional requirements.

(Signed) CHARLES S. WHITMAN.

On motion of Mr. Oldfield, said message together with said bill was ordered laid upon the table.

A message from the Governor was received and read, in words following:

STATE OF NEW YORK — EXECUTIVE CHAMBER,
ALBANY, *March* 31, 1915.

To the Assembly:

I herewith return, without my approval, Assembly bill (Int. No. 121, Printed No. 586) entitled "An act to amend the Code of Civil Procedure, in relation to specifications to be contained in a demurrer."

This measure amends section 490 of the Code of Civil Procedure by eliminating reference to subdivision 8 of section 488 of the Code, so that after the taking effect of the act, it will not be sufficient to state an objection to the complaint in an action "that the complaint does not state facts sufficient to constitute a cause of action" in the language of the subdivision.

If this measure should become a law it would be necessary to point out specifically in what respect the complaint does not state a cause of action.

The Committee on the Amendment of the Laws of the Association of the Bar of the City of New York, has filed a memorandum in objection to this amendment.

The basis of the objection to the bill consists of the facts that under it a demurrant will be required to incorporate in the demurrer a brief on the questions of law involved, and that if the demurrant should desire thereafter to raise a question not stated in the demurrer, it would be necessary to apply by motion to amend such demurrer.

It would seem that this practice would result in greater delay than is permissible under the present practice. There doesn't seem to be any sufficient reason for changing a present procedure which has apparently worked satisfactorily for a period of upwards of sixty years.

The bill is, therefore, disapproved.

(Signed) CHARLES S. WHITMAN.

On motion of Mr. Shapiro, said message together with said bill was ordered laid upon the table.

Mr. Smith offered for the consideration of the House a resolution, in the words following:

Whereas, From reports in the public press of the State, the commissioner of public charities of the city of New York, has for a year or more been cognizant of alleged evils, abuses and defects in the management of the New York City Childrens' Hospitals and School on Randall's Island, whereby the health and the lives

of the mentally enfeebled and other inmates of such institutions have been seriously endangered; and,

Whereas, It further appears from said reports that the commissioner while cognizant of such conditions has taken no steps to remedy them; and,

Whereas, It is the duty of the State to see that the inmates of public institutions are properly cared for and has made it the function of the State Board of Charities to investigate all alleged conditions of this nature.

Resolved (if the Senate concur), That the attention of the State Board of Charities be called to these reports and that the said Board be requested, with the aid and co-operation of the Attorney-General, to institute an immediate inquiry into these alleged conditions and to submit a report thereon to the Legislature as soon as possible.

Mr. Speaker put the question whether the House would agree to said resolution, and it was determined in the affirmative.

A communication from the Governor was received and read, in the words following:

State of New York — Executive Chamber,
Albany, *April* 1, 1915.

To the Assembly:

Pursuant to concurrent resolution of the Senate and Assembly, herewith is returned for amendment Assembly bill (No. 75, Senate Reprint No. 1418, Int. No. 75) entitled "An act to amend the Town Law, in relation to the compensation of town officers."

1366, Senate Reprint No. 1602, Int. No. 522) entitled "An act to amend the Conservation Law, generally," with a message that they have concurred in the passage of the same.

Ordered, That the Clerk deliver said resolution to the Governor.

A message from the Governor was received and read, in the words following:

State of New York — Executive Chamber,
Albany, N. Y., *April* 9, 1915.

To the Assembly:

I herewith return, without my approval, Assembly bill (Int. No. 1074, Printed No. 1175) entitled "An act to amend the Agricultural Law, in relation to payment of expenses incurred in enforcing orders of the Agricultural Department."

This bill amends the law by changing it so as to make the cost of enforcing orders of the Agricultural Department in cases of quarantine a State charge rather than a charge upon the locality affected.

In my opinion this provision is objectionable. It is subject to the criticism that, if it should be approved, it permits the local officers to employ any number of persons to assist in the enforcement of the quarantine orders and makes the expense a State charge.

In view of these changes I am unwilling to approve the bill.

The bill is, therefore, disapproved.

CHARLES S. WHITMAN.

On motion of Mr. Lord, said message together with said bill was ordered laid upon the table.

Mr. Fairbank offered for the consideration of the House a resolution, in the words following:

Whereas, Fifty years ago this morning Abraham Lincoln, the beloved and martyred President of the United States, died from an assassin's bullet. That bullet was aimed as well at the heart of the nation, and changed a day of rejoicing, to the saddest hour in American history. Cut down in the supreme hour of victory for the Union, the dark clouds of doubt and disaster, brought on by a Civil War, were clearing away, and the rainbow of promise gave joy to his people and happiness to their great chief.

The Assembly of the State of New York recognizing that the anniversary day of his death belongs to the nation, and that his name is one of the most distinguished in the history of the world, esteem it a loving and patriotic privilege to place upon its records an expression of its admiration for those qualities which endeared President Lincoln to his people, in whose hearts the passing years have increased the affection in which he is held by every citizen who loves his country.

With advancing years comes a higher estimate of his character and of the great qualities of the figure which will ever be prominent in the story of the republic. He was patient under great trials, hopeful in the face of threatened defeat, charitable, magnanimous and forgiving always. These characteristics will ever be attached to the memory of one of the best beloved of American citizens. As a president, a husband, a father, a citizen and a man, his name can never perish.

Mr. Speaker put the question whether the House would agree to said resolution, and it was determined in the affirmative.
